

KP65 - Gel Foam Stabiliser Knee Pad

Collection: Kneepads

Range: Knee Pads

Materials: Polyester, PU, SBR

Outer Carton: 6

Product information

Stabiliser knee pads provide extra knee protection. Designed to withstand heavy-duty use on the job. Cap exterior offers safety, while the soft gel foam interior ensures cushioning comfort with its duck-bill design. Easily adjustable for a tight, secure fit. One size fits all.

Kneepads

Portwest knee pads offer a range of knee protection to suit every situation, type 1 (strap on knee pads) and type 2 (insert knee pads). All Portwest knee pads use premium high density material to give the user the best protection possible for their knees no matter the hazard. Diverse materials such as EVA foam, neoprene rubber and silicone gel inserts are used to ensure maximum wearer comfort. Ergonomics is a key feature in our knee pads design and is backed up in the positive feed back we receive from our wearer trials.
